

## Important notice to our valued guests during the COVID-19 crisis

Our job is to keep our guests and crew safe. Now more so than ever during the COVID-19 crisis. **Please ensure you arrange for a PCR or antigen test within 7 days of boarding and bring your results with you. Do not travel if you received a positive test result. We will also be providing complimentary but required antigen testing before boarding for all guests and crew on board every trip.** For more detailed information on our COVID-19 procedures and protocols, please read our COVID-19 FAQs [here](#). We look forward to welcoming you on board!

Our complimentary pre-boarding COVID testing clinic is located close to the SeeCreatures dive centre in downtown Cabo San Lucas. The testing clinic will be open all day for your convenience. Please let them know you are a Nautilus guest. Drop by our SeeCreatures dive centre to have them point out where to go! **Please arrive by 4 pm to get tested as all test results must be received 2 hours before boarding time.** As the situation with COVID-19 evolves, we will continue to adapt and improve the measures we are taking. Our goal is to get divers back in the water in a way that maximizes safety and minimizes contagion.

### COVID-19 Best Practices

- **Masks are mandatory in all common areas unless seating during meal times**
- **Social distancing at dive skiffs, staggered meal times and briefings**
- Vital Oxide hospital grade disinfectant with seven day hold time applied with fogging machines
- An intense focus on onboard sanitation. This includes supplying sanitized rental gear in vacuum packs, crew assisted buffet service and automatic hand sanitizer dispensers on the back deck. Mask rinse buckets are unfortunately a thing of the past
- Temperature and health checks
- Protocols and equipment in place if someone onboard does get sick
- **[Click here for Nautilus safe travel recommendations and requirements](#)**

We cannot promise that there won't be somebody onboard infected with the virus but we can promise that we will do our best to provide the most thoughtful, safest and healthiest possible environment. Our COVID-19 policies have been formalized within our emergency processes, our SMS safety management system, our training and accountability protocols and our onboard daily checklists as well as in consultation with shoreside authorities. Please stay safe.

Please bring your printed results with you for pre-boarding check-in. Medical staff from the hospital will be at the Waterfront Marina Bar and Grill at the Hotel Coral, Ensenada at 8pm to carry out testing before your departure. **Guests need to be at the Waterfront Marina Bar and Grill at the Hotel Coral, Ensenada by 8pm on the day of boarding for liveboard trips.** It will take a bit of time to conduct the testing while keeping everyone socially distanced, so being there on time is important in order to get the lab results back before the ship sails. As the situation with COVID-19 evolves, we will continue to adapt and improve the measures we are taking. Our goal is to get divers back in the water in a way that maximizes safety and minimizes contagion.
